**This course has been approved/accredited by The College of Intensive Care Medicine of Australia and New Zealand (CICM)**

The aim of the course is to provide participants with a basic understanding of critical care echocardiography.

Our course consists of online pre-course multiple-choice questions (MCQs) and interactive lectures on site, practical skill stations and a post-course MCQs.

The electronic course manual can be downloaded as an App to conventional electronic media prior to the course.

### Topics include:

- ❖ Indications of transthoracic echocardiography
- ❖ Principles of Ultrasound Imaging
- ❖ Basic Controls (Knobology)
- ❖ Image Acquisition
- ❖ Left Heart Assessment
- ❖ Right Heart Assessment
- ❖ Pericardial Disease
- ❖ Haemodynamic Assessment
- ❖ Artefacts
