

TTSH DEPARTMENT OF OPHTHALMOLOGY CELEBRATES

40 YEARS

JOIN US FOR OUR ANNIVERSARY CELEBRATION ON SATURDAY, 31 AUGUST 2019

EYE SCREENING*

Level 1, TTSH Atrium
0830-1130hr
Limited to 200 pax.

Eye screening enables early detection of potentially sight threatening eye conditions. Many eye conditions go unnoticed in their early stages. It may be too late for treatment by the time your vision becomes affected. Early detection and timely treatment of these conditions may be able to prevent any permanent vision loss.

This is especially important if you have:

- Diabetes Mellitus
- Family history of blinding eye conditions e.g., Glaucoma, Aged-related Macular Degeneration
- High myopia

If you are 45 years old and above, and currently not seeing any Eye doctor, do come down to participate in this basic eye screening event.

No registration fees required.

COMMEMORATIVE CEREMONY

Level 1, TTSH Atrium
1100-1155hr

Join us as we commemorate 40 years of caring for our patients and community, as we acknowledge and show our appreciation to our founding members who made all this possible.

TOUR OF FACILITIES

Level 1, TTSH Eye Centre
1155-1230hr

Join us on a tour of the Eye Clinic.

*Pre-registration is required for Eye Screening. To register, please call **6357 2441** (9.30am – 11.30am and 2.00pm – 4.30pm, weekdays only). Registration opens from **15 July 2019 to 15 August 2019**.
