

## CAREER OPPORTUNITIES

Check out our Careers Webpage or find us on LinkedIn and Instagram!

# The KampungTimes

At TTSH, we develop *Better People*, to deliver *Better Care*, and create a *Better Community*.

We serve not just patients who come to our hospital, but also our residents living in Central Singapore.

We Transform and Innovate with Technology, making strides towards a *Hospital without Walls*.

Together, we deliver *Better Health* and *Better Value* as *Central Health*.

# A Great Place to Work and Learn

The “Great Place to Work” Survey focuses on Value and Culture, which represents a higher bar for Workplaces beyond engagement.

## OUR PRIORITY

At TTSH, we prioritise trust-building, and focus on the well-being of our staff.

## DIRECTION

Moving ahead, we intend to upscale and upsize our efforts for the well-being, engagement and development of our staff.

*Extracted from CEO tribune on 10 Dec 2020*

“  
We are not Perfect,  
but we are Family.”

~ CEO Eugene Fidelis Soh

## SENTIMENTS

80% of us feel a sense of pride when we look at what we have accomplished.

85% of us feel good about the ways we contribute to the community.

# SPOTLIGHT WHAT'S COOKING?

BETTER PEOPLE | BETTER CARE  
BETTER COMMUNITY  
BETTER HEALTH | BETTER VALUE

## COOK WITH YOUR HEART

Work and learn with us at TTSH –  
a journey to marry taste with nutrition.

Here at TTSH, you play an important role in our patients' care journey. Deliver Better Care and Health for our patients by preparing nourishing food that aids patients in faster recovery.

-  Experience Institutional Cooking
-  Cook meals approved by Dietitians
-  Plate dishes based on dietary considerations
-  Nourish patients back to health with your food

### Here at TTSH:

We value your health and well-being

Standard Working Hours | Staff Welfare

Food nutrition is important for hospital meals

Food Textures | Dietary Considerations

Creativity is necessary for healthy and tasty food

Alternate ingredients | Food Allergies

# Learning with TTSH as an Intern

ACOO Michael joined us for our first virtual graduation ceremony with our Patient Service Associate (PSA) interns on 28 January 2021.

This is our first batch of (post-covid) PSA interns who joined us during an eventful time, when we were re-inventing and transforming ourselves and our work processes due to COVID.

They are also the first to experience the abridged propel programme (by OMU), and internship graduation virtually as we adhere to our safe management measures.

It is heart-warming to see another batch of PSA interns grow, learn, and graduate from our TTSH Kampung.

**Once again, congratulations to our 21 PSA interns! You did it!**
